

## CHARLOTTA ENDURO EXTREME 24 -25 June 2017

Unique motorcycle race hard enduro is run in the unique scenery of the Baltic Sea beaches , the harbor town of Ustka and forests surrounding the famous Valley of Charlotte near Slupsk. The competition will consist of two parts. The first day of competition is an extreme enduro race on the artificially prepared track located in the port city of Ustka. This prologue would be like the one known from the "Red Bull Romaniacs". Players will have to deal with an extremely difficult track and a big port stone breakwater, like in episode "Carls Diner" - Erzberg, breakwater section only for Class "PRO" will also be a long stretch routed along the beach. The length of the route is 4 km. Players then move to 8 km away "Charlotta Valley".

The second day of competition will begin with "Enduro Sprint" racing consisting of the fastest driving one lap, each participant will take two races of this type. Motorcyclists on the road will have a lot of very difficult obstacles among other things, enormous tires of road machines, drive over the car wrecks, as well as countless tree trunks of up to 1 meter in diameter. The length of the route is 12 km. For a group of amateurs we prepared alternative routes to bypass the most difficult obstacles by sections of longer time. The final competition will be a great three-hour "Charlotta Extreme" race, run on the same route as the previous enduro sprints. The start of the race will take place in groups of fifty players. In total, we expect 300 participants, this is also the maximum limit of places in the competition.

We have prepared financial rewards for the winners of each class.

### **PRO**

1st place - 1,500 Euro

2nd place - 1,000 Euro

3rd place - 500 Euro
